Alright, while we're on Planning Commission, we'll stick with it and take up the other separated item. This is item 23-0482, request to approve special use permit number 3-23 for a carwash located at 4029 East Calumet Street. We have a motion and a second to approve. Open the floor for a discussion. Anybody like to speak? All right, hearing none we have a motion and a second to approve. Please cast your votes.

Mayor Jake Woodford 24:00

Motion passes 13 to 2. The item has been approved.

Alright, next from municipal services committee. This is item 23-0412 anticipated award of unit CC-23 College Avenue Lane reconfiguration pavement marking contract. We have a motion and a second to approve. Open the floor for discussion. Any discussion? Hearing none, please cast your votes. Motion passes 14 to 1.

Mayor Jake Woodford 30:25

I'd just like to take a moment now that that item has been approved just to recognize the work of staff in evaluating the bids. Staff, specifically Eric Lom, noted that the bids seemed high and unusually high around the traffic control portion of the bid specifically, and, and so we decided to go back out and ask for a rebid. And even though it took a couple more weeks, it saved about \$30,000 on the project. So just wanted to give a shout out to our public works team for making note of that and going back out and squeezing a little bit more air out of that bid. So really appreciate the good work.

Mayor Jake Woodford 31:12

Alright, with that, we had no other items separated out. So, I need a motion on the balance of the agenda. Motion and a second to approve. Any discussion on the balance? Hearing none, please cast your votes. Motion passes 15 to zero.

Mayor Jake Woodford 31:40

Sorry, I have one more shout out, this one to our weights and measures team in the health department for adding another community to the consortium. This is, I'm told, the largest Weights and Measures consortium in the state of Wisconsin, and it's a great example of communities working together to reduce costs for taxpayers. It's a great program. This is local consumer protection at work. And I'm really proud of Eric Maggio and the team in the Health Department for bringing another community on board. And to our friends in Greenville we say, "Welcome to the consortium."
