Got it. Alright, any others? Okay, we'll get started. First, we're going to take up the item from municipal services. This is 23-1087. It's a request from the Boldt Company for a permanent street occupancy permit. We have a motion. Is there a second? Alright, we have a motion and a second to approve. Any discussion? Alder Hartzheim?

Aldersperson Sheri Hartzheim (District 13) 1:07:00

Thank you, Chair. I watched the municipal services committee meeting and did not hear a question that that came up for me, which is what kind of access can city taxpayers expect during the month of December after we receive tax bills. I just wanted to be clear on what that is because we're looking at approval through 12-31.

Director Block.

Director Danielle Block (Department Of Public Works) 1:07:31

Thank you, Mayor. We've worked directly with Boldt Company and the developers to ensure that the taxpayer and those that are utilizing the finance window won't see a difference in service during key dates once tax bills go out and they can begin issuing payment. So during those dates, the gates would be open, road closed signs are going to be draped, and there's clear signage, letting folks know that the road is accessible to the public and you can drive through there and use the drive up window.

Thank you.

Mayor Jake Woodford 1:08:03

Thank you. All right. Any further discussion? Hearing none, we have a motion in a second to approve. Please cast your votes. Motion passes 15 to zero. The item has been approved.
