

We, the undersigned residents of Clearwater Creek Subdivision, oppose the rezoning request and development of E Sweetwater Way and Forth Addition of the residential subdivision. We feel the following concerns need to first be addressed:

- Single Entrance Subdivision for 140+ homes/residents
- Permanent Emergency Vehicle Access
- Unfulfilled Promises of a Park; instead eliminating 7 acres of greenspace
- Preserving this area as a wetlands/wildlife, a safe zone for residents (walking/biking, kids playing) and general overall quality of life
