

IMPORTANT: Midway Road and Plank Road

City of Appleton Planning Department Rezoning meeting – from Residential to Multifamily

Wednesday, March 27 3:30 PM, 6th Floor City Hall

If unable to attend the meeting, please complete the attached form so your voice may be heard.

3/18/2024

Dear Neighbors,

You may be aware that two pieces of property along **Plank Road and Midway** have been for sale for some time. This letter addresses the smaller triangular piece along Midway Road, and secondly the larger piece between Plank and Midway. Both properties are currently zoned R1A, Single Family Housing. The City of Appleton meeting is about having the smaller property changed to multifamily at this time.

While your property may not be directly impacted today, if this change occurs, it may be likely that a rezoning request may also come for the piece between Midway and Plank and Solitude. That could mean that both the Huckelberry/Blueberry neighborhood and the Solitude/Tahoe neighborhoods would be islands of single-family homes within a "dense residential neighborhood" as referred to below. It may also mean that those within the Janet Berry neighborhood will have more traffic – and the Midway/Telulah/Janet Berry area is already congested on school days.

As mentioned above, both properties are currently zoned R1A, Single Family Housing. On Saturday, March 16th, the homeowners that are within 100' of this parcel received a notice from The City of Appleton that there will be a public meeting regarding a rezoning request from R1A Single Family to R-3, Multifamily. That meeting is at 3:30 PM on March 27th on the 6th floor of City Hall, 100 N Appleton Street.

The City of Appleton letter is attached and states "The R-3 district is intended to provide for and maintain residential areas characterized by multiple family dwellings, while maintaining the basic qualities of a dense residential neighborhood, which may include other housing types and institutional and limited non-residential uses."

Those within 100' also received a package from Marcus McGuire Homes (copy attached) with details of that company's plan for the triangular piece of land. It includes a road coming off the roundabout, through the middle of the property and exiting on the east end. Within this triangle is a plan for 25 condominium units - 14 duplex and 1 single.

This is a surprise as both properties have been zoned Single Family well over 20 years.

Imagine our neighborhood in the future and determine if you are Ok with the proposed change or would like to have it remain single family. To have your voice heard, please attend the meeting, or if not possible, see the next page for a comment form.

Best,

Carol Schubert

Hi Brenda-

Can you please have copies of this email for the Plan Commission on Wednesday and attach it to the minutes?

Thank you!

Jess

Subject: Regarding Parcel Planning Tax ID #31-9-4161-02

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hi Jessica,

I am a concerned Appleton resident writing you regarding the parcel along Midway Road describe as Tax ID# 31-9-4161-02 being rezoned from R1-A Single family to R-3 Multi Family.

We live at 3309 South Tahoe Lane in Appleton. When we built our house over 10 years ago, the surrounding fields were farm fields zoned for future single family homes. We decided to build here because of that, more single family homes making for a great Southside neighborhood. Town of Harrison changed that on some of the fields next to us, it looks ugly, has because a massive traffic issue in our neighborhood and has increase safety concerns for all of us. We have seen a lot of long terms neighbors move. Please do not rezone this parcel to multi family, that parcel is our last connection to a neighborhood. We are Appleton residents and we are asking for your support to keep this parcel as Single Family.

Thank you for your consideration,
Chris Borowski

Please circle one:

I am in favor of keeping the parcel zoned R1-A Single Family.

I am in favor of the parcel being rezoned to R-3 Multi-Family.

Comments/Questions:

We moved into this area and our neighborhood because of the future plans of the surrounding farm fields being zoned for single family homes. Town of Harrison changed that in some areas near us and it is forcing home values down and us to potentially move from the home our children were raised in.

Good Afternoon, Jessica-

I am writing to express my strong support for maintaining the current zoning designation for single family homes near Midway Rd and Plank Rd. As a concerned community member, I firmly believe that preserving this zoning classification is essential for maintaining the character, stability, and quality of our neighborhood.

I urge you to carefully consider the importance of maintaining the current zoning designation for single family homes. Doing so will preserve the unique character of our neighborhood, enhance the quality of life for residents, and protect property values. I believe that by keeping this parcel zoned for single family homes, we can ensure the long-term prosperity and vitality of our community.

Thank you for your attention to this matter. Please see the attached, signed letter.

Thank you,

Ashley & Matt Horvath

To the City of Appleton Plan Commission

Regarding the parcel along Midway Road described as Tax ID #31-9-4161-02

Please circle one:

I am in favor of keeping the parcel zoned R1-A Single Family.

I am in favor of the parcel being rezoned to R-3 Multi-Family.

Comments/Questions:

I am writing to express my strong support for maintaining the current zoning designation for single family homes. As a concerned community member, I firmly believe that perserving this zoning classification is essential for maintaining the character, stability and quality of our

Name: Ashley M. Horvath

Please circle one: I would/would not like to be kept informed of future developments regarding this property.

neighborhood.
I urge you to carefully consider the importance of maintaining the current zoning as single family homes.
Thank you!
