Patrol is the first responding unit on all calls for service. They are the backbone of the department and the launching point for all career paths at the APD. Our patrol officers carry caseloads and have the ability to see certain calls for service through to the end. Yet, also have the ability to transfer the case, if too much, to the appropriate Investigative Services Unit (ISU, SRO, SIU, CRU) to follow up on. Most Patrol officers are also trained in crisis intervention.

- Patrol is comprised of two groups (Red and Blue) who work alternating schedules comprised of mostly 12 hour shifts.
- Each group has 30 patrol officers (when fully staffed), 6 Patrol Lieutenants, and 1 Captain.
- Each shift maintains minimums based on the time of day, per best practice.
