

2025 AASD Summer School Offerings

Elementary School Summer Classes

Advanced Woodshop

\$10.00

Grades 4-6

Advanced woodworking is for those children who are pretty capable of using a hammer and hand saw to make things out of wood. Parents are encouraged to provide leather gloves for their child to help guard against splinters and abrasions.

Appleton Bilingual Summer School

\$15.00

Grade 5K-5

Students will continue the curriculum from their previous grade level, doing enriching math, reading, writing, science, social studies, computers, physical education, and art activities. *Class meets from 8:30-11:30*

Beginning Woodshop

\$10.00

Grades 2-4

Basic use of non-power woodworking tools for sawing, sanding, assembling, and finishing. The beginner class is for those children with little or no experience with using hand tools. Parents are encouraged to provide leather gloves for their child to help guard against splinters and abrasions. Projects done last year may be repeated again this year.

Behind the Scenes

\$10.00

Grades 4-6

In this class, students will explore the facets of crew. Time will be spent learning about costumes, makeup and hair, sets, properties, lights, and sound. Students will assist in the performance of "On with the Show."

"Board" Silly

\$5.00

Grades 2-5

No technology here! Remember the good old-fashioned board game? Use your strategy and thinking skills while learning to play a variety of different board games from the classics to some you may have never played before. Use what you've learned to create and build your own game to share with the class. This is your chance to be clever, create challenges, and fill your games with surprises, suspense, and traps!

Books, 'Bots, and Makerspace

\$5.00

Grade 2-4

Students will program multiple types of robots including Bee Bots, Ozobots, and Sphero. The coding challenges are based on stories read in class. Makerspace will be used to try new things and work on a project with the green screen! Students will develop their literacy skills along with technology, problem-solving, and teamwork skills from this class.

Brain Games & Math Challenges

\$5.00

Grades 3-8

Learn the skills of logic while playing board games and working on activities that will challenge and test your skills of logic, memory and reasoning! Designed for students who enjoy mathematics challenges and problem solving.

Building Instruments and Music

\$10.00

Grades 2-3

In this class, students will study and craft instruments from the four instrument families of the orchestra. Students will explore the sounds their instruments make and compose a piece of music to perform each week in class. This class will also watch professional instrument building for inspiration.

Chef's Cooking & Baking

\$15.00

Grades 5-6

The next level up from no-bake cooking! Learn how to follow recipes, use the oven/stove, and create some real works of art-to eat! Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

Computer Fun!

\$5.00

Grades 2-3

Students will learn about Google apps and how to use them to share ideas and have fun. Google Drive, Drawings, and Slides will be used to create digital and hand-on projects. Through the activities, students will enhance their knowledge of technology and skills needed for use in the classroom.

Cooking Around the World

\$10.00

Grades 2-3

This course is a delectable class for those with a taste for learning about new countries and introducing young chefs to new foods and tastes. Each class, children will learn about a country, create projects, learn words from a new language, and prepare a recipe to experience a new culture. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

Craft Club

\$10.00

Grades 4-6

Unleash your creativity and imagination by focusing on various art forms such as painting, fiber and mixed media! Students will create cool arts and crafts and projects geared toward their age group.

Crafts, Jewelry, and More

\$10.00

Grades 2-3

Students will create a variety of crafts and jewelry. Projects might include colorful bracelets, necklaces, or even pins using a variety of materials. They may also design their own beads and use them to create original jewelry works of art.

Crafty Kids

\$10.00

Grades 2-3

Students will explore a wide variety arts and crafts projects using various supplies. Activities will range from step-by-step instructions to imaginative art. Instructors will assist in developing fine motor skills and fostering self-expression while cultivating a love for art!

Cribbage and Cards

\$5.00

Grades 4-6

Students will learn and play classic card games including cribbage and many others. They will then use the knowledge from those games to create a whole new card game of their own to share with the share with the class.

Creative Reading, Writing, Drawing	\$10.00	Grades 4-6
Want to have fun creating works of art that go with written works? This class is for those students that love to read, write, and draw, and who love to create their own worlds, characters, and places. The sky is the limit! All that is needed is an imagination!!		
Curiosity Club	\$10.00	Grades 2-6
Inquisitive students wanted! Join us for a class of wonders where each day we will explore something new. Topics will range from crafts, playacting, outdoor adventures, history, math, games, and more! Each day will present a new learning surprise.		
First Grade Here I Come	\$15.00	Grade 1
A course designed for children who have completed kindergarten. Students will continue the curriculum from kindergarten, doing enriching math, reading, writing, science, social studies, computers, physical education, and art activities. <i>Class meets from 8:30-11:30</i>		
Gym & Playground Games	\$5.00	Grades 2-6
Students will experience a variety of physical education games, activities, and skills. Sportsmanship, team cooperation, as well as skills will be emphasized.		
Instrument Exploration	\$5.00	Grades 3-6
Students will have experiences with various classroom instruments. They will learn playing techniques and have the opportunity for some composition. The focus will be on beat, rhythm, and form (patterns) in music.		
Intro to Coding	\$5.00	Grades 4-6
Students will learn the basics of coding to program their own interactive stories, games, and animations using online and other interactive activities. Through experimentation, they will build skills in sequencing, counting, problem solving, logical thinking, cause and effect, and critical thinking. Topics include variables, algorithms, loops, functions, conditionals, and debugging. No previous coding experience is needed.		
Introductory Keyboarding & More	\$5.00	Grades 4-8
The ability to type is an important skill in today's technology-driven world. This computer keyboarding class is designed for students with little or no previous keyboarding (typing) experience. In this course the student will learn the alphabetic keyboarding technique. The class will emphasize the development of typing speed and accuracy. Younger students enrolling in this class must have the ability to concentrate for long periods of time.		
Jump! Stomp! Jam!	\$5.00	Grades 2-6
Come and enjoy a summer musical adventure! Sing a song, do a dance, beat a drum and more. We will even create our very own take-home instruments. Join this class for musical memories this summer.		
Kindergarten Here I Come	\$15.00	Grade 5K
This course is designed to introduce and/or reinforce basic readiness skills for kindergarten. <i>Class meets from 8:30-11:30</i>		
Lego Discovery	\$10.00	Grades 2-4
Students will read, write, and create a variety of pieces related to Legos. Each class will start with a read aloud that begins the Lego challenge of the day. Students will become engineers when they design, build and document challenges using a journal to help make predictions, design projects and document findings.		
Magic: the Gathering for Beginners	\$5.00	Grades 3-6
Students will learn all about the game of Magic: The Gathering, they'll learn how to build decks, the playthrough, participate in a tournament and even have the opportunity to make and take their own starter deck home. Best for those just starting out or never having played the game.		
Making Memories	\$10.00	Grades 3-6
Students will explore the art of preserving thoughts and memories by learning to write in a journal or diary, and create various picture frames, photo magnets, and scrapbook. Students will be provided with a daily journal prompt, discuss the importance of expressing oneself, and have the opportunity to engage in discussion to share thoughts.		
Marvelous Math Minds	\$5.00	Grade 2-6
Students will participate in fun and engaging math experiences designed to engage mathematical thinking and exploration through Number Talks, Math Stories and Games. This course is designed for all levels of learners.		
Mindful Kids	\$5.00	Grade 2-4
Mindful kids have a strong mind and body! Students will learn about the different areas of SEL (Social Emotional Learning) including self-awareness, self-management, social awareness, relationship skills and responsible decision making through games, books, crafts, writing and movement. Class may include school beautification projects and end daily with a mindfulness activity.		
On with the Show!	\$10.00	Grades 3-6
Students will learn the art of performance through the mediums of song, dance, and drama. In the last week of summer school, students will perform for their peers and invited family members to celebrate their learning.		
Passport to Adventure	\$10.00	Grades 2-4
Let your imagination travel as you learn about how children live in other parts of the world. We will share food, recipes, sports, games, crafts and songs from other countries. Come and join the fun as we travel the world!		
Reading Adventures	\$5.00	Grade 2-6
Students will be immersed in fun and engaging activities to read, discuss, and write about books. Students will sharpen their skills in grade level word study. This course is designed for all levels of learners.		

Running Club	\$5.00	Grades 2-6
Students will learn about the importance of healthy lifestyles and being physically active. Every day, students will warm up, RUN/JOG, and cool down. By the end of the course, students will run 1 mile around the track.		
School Pride	\$10.00	Grades 4-6
Students will work collaboratively to research, develop, and deliver a beautification project for the school. Students will use organizational and decision making skills to choose a cause and develop a plan to carry out a project. Examples include but are not limited to: a food drive, adopting the school grounds, painting a mural, maintaining a garden space, or building and painting a bench, etc.		
Science Fun!	\$10.00	Grades 3-5
Activities are designed to get kids out of their seat to explore the exciting world of nature through unique hands-on learning experiences, emphasizing plants, animals and insects.		
Stars & Space	\$5.00	Grades 3-5
Students will have the opportunity to explore our vast solar system, and learn about such things as planets, constellations, the moon phases, among other topics. There will be opportunities to make and take activities home.		
STEM Innovation	\$10.00	Grades 3-6
Students will have the opportunity to participate in an innovative, engaging and fun learning class designed around Science, Technology, Engineering, and Math (STEM). This class is all about creating, building, problem solving, and working together to solve a challenge using everyday items. Example: Use the following items to launch a marshmallow peep the farthest distance: string, mouse trap, rubber bands, popsicle sticks, paper plates, plastic spoons, and tape. Time will be allotted for planning, research, construction, and testing.		
STEM Starters	\$10.00	Grades 2-3
Students will have the opportunity to participate in an innovative, engaging and fun learning class designed around Science, Technology, Engineering, and Math (STEM). This class is all about creating, building, problem solving, and working together to solve a challenge using everyday items. Example: Use the following items: rubber bands, popsicle sticks, paper plates, plastic spoons, and tape to build bridges and more. Time will be allotted for planning, research, construction, and testing.		
Stories and Snacks	\$10.00	Grades 2-3
This course is a delectable class for those with a taste for good books and good food!. Each day, children will read and respond to quality children's literature, and make a snack or craft based on the theme of the book. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.		
Summer Safety	\$5.00	Grades 4-6
This class will help prepare children to be safe and responsible when home alone. Students will gain a better understanding of how to prevent problems, handle real-life situations, and remain safe. Topics will include home safety, first aid, fire escape, severe weather plans, internet safety, kitchen safety and healthy eating. Instructors will highlight some fun activities to keep kids busy while home alone, along with basic phone skills including how to make an emergency call.		
Tasty Travels	\$10.00	Grades 3-6
Learn about the basics of cooking while experiencing the cultures from other countries. Students may read books, learn words from other languages, explore art or games and make no-bake recipes popular in places around the world. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.		
Theater	\$10.00	Grades 2-6
This course is designed for the student who likes to put on plays, do improvisations, act out dramatic situations, and pantomime. Basic stage and theatre concepts will be taught while encouraging an outlet for the dramatically creative side of the children's personalities. Music may also be part of the fun! Class will end with a final sharing for parents and students.		
The Omoḷadé Academy Kindergarten/First Grade Here I Come	\$15.00	Grade 5K-1
This course is designed to introduce and/or reinforce basic readiness skills for kindergarten and first grade students, including enriching math, reading, writing, science, social studies, computers, physical education, and art activities with an emphasis on African centered culture, traditions, and curriculum. <i>Class meets from 8:30-11:30</i>		
The Omoḷadé Academy Summer Enrichment	\$5.00	Grade 2-6
Students will participate in fun, hands-on STREEAM (Science, Technology, Reading, Engineering, Entrepreneurship, Arts, and Mathematics) centered activities with an emphasis on African centered culture, traditions, and curriculum.		

Middle School Summer Classes

Art Studio

\$15.00

Students will participate in an advanced art making environment that will help fine tune their visual art skills. Studio time will be spent diving deep into a variety of art avenues including drawing, painting and sculpture while enhancing problem solving and creative thinking skills. Projects will include those that are lead by the instructor and free choice.

Athletics

No fee

The focus of this course will be on participating in team/individual sports and fitness activities. Basic skills, rules and strategies for each activity will be taught to enhance participants' understanding of different sports and fitness activities. Activities may include, but are not limited to: football, volleyball, basketball, cross country, soccer, dance, and personal fitness. Students who complete this class should be able to confidently participate in recreational activities that will enhance their lifelong fitness.

Backstage Crew

\$10.00

Participants will learn the ins and the outs of putting on plays and other performances. Special attention will be paid to lights, sound and set construction. The class will culminate in the support of performances by the Dance and Theater classes.

Cooking

\$15.00

Learn the basics of cooking and baking while discovering some simple healthy substitutions. Come see what new dishes we will be preparing this year! Any of these delicious foods will be great to bring to a gathering of family or friends! Students will create a cookbook filled with recipes so they can recreate their favorite dishes at home. Curriculum may deviate from the standards of AASD nutrition policy. Healthy foods will be prepared when possible.

Creative Writing Club

\$5.00

In this class, an important life skill comes alive as students learn to write epic stories, create stilly tales, explore poetry, essays, lyrics and journaling. Designed for students who love to read, write and use imagination to create their own worlds, characters, and places. Daily journaling prompts will be provided, and students will have the ability to engage in conversation to discuss their thoughts.

Dance

\$5.00

Participants will learn and practice multiple methods of dance. This class will culminate in a performance in conjunction with the Theater and Backstage Crew classes.

English Language Arts

\$5.00

Ever want to be someone else? Ever want to explore new worlds? Ever want to try something you never thought possible? This summer, through high-interest teen literature, you'll have an adventure of a lifetime alongside your peers! Our adventure will include reading a chapter book, writing, and may end with an integrated arts project to share at the end of summer school.

English Language Arts for English Language Learners

\$5.00

(2 hour class)- Open to ELL students entering grades 6- 8 who have an English language proficiency level of 1 or 2. ELL students in this class will continue to develop their oral language, vocabulary and literacy skills by engaging in a variety of high-interest texts. Students will have opportunities to read, write, share their ideas, and listen to others as they explore books and topics from all content areas.

English Language Learners Literature Exploration

\$5.00

(1 hour class)- Open to ELL students entering grades 6-8 who have an English language proficiency level of 3- 5. ELL students in this class will immerse themselves in a variety of high-interest texts, including poetry, literature, and informational texts that represent many perspectives. Students will dig deep into the books, exploring the stories and characters to support their written reflections and collaborative conversations.

Extraordinary Experiments

\$10.00

Students will explore the ideas and concepts of science through many different activities and experiments, which may include making their own silly putty or bouncy balls. Students will create many different chemical reactions, explore different scientific ideas through projects, and begin to understand the science involved in so many common situations and objects we see every day.

Fitness Fun

\$5.00

Students will learn the fundamentals of cardio training, resistance training and stretching. Students will learn with a variety of methods and equipment to reach their peak performance. This class is for beginners both male and female to gain muscle tone, burn some calories, and promote a healthy life style.

Forensics- Speech and Debate

\$5.00

Students will explore the two genres of forensics in WI (Interpretation of Literature and Public Speaking). They will use plays, stories, poems, or their own writings to focus on the details of preparing a quality performance using various communication skills including speaking and listening. Learn how to play with different acting techniques that address line interpretation, character development, stage fright, body language, and improvisational theater in a solo, partner, or group setting. Leave this class ready to perform on your school's forensics team having explored the 15 different events available to middle school students in our state.

Free Choice Art

\$10.00

Students will utilize the TAB (Teaching the Artistic Behavior) process of free choice art for their chosen medium. They will learn to envision, plan, and practice to create! They will have access to create with all mediums in the art room (paint, wire, clay, beads, etc.).

Fun Run Club

\$5.00

Students will learn about the importance of healthy lifestyles and being physically active. Students will warm up, jog/run, cool down, set goals, document their progress, and celebrate their achievements.

Graphic Novels, Comics and Bullet Journals**\$5.00**

Students will read, explore and create their own graphic novels, comics, and journals to support their reading and writing skills. They will be provided with writing prompts, and may be encouraged to share some of their work with the class.

Group Drumming, Drum Set & Gamelan**\$10.00**

Students will explore rhythm and music making utilizing body percussion and bucket drumming in small and large groups on established pieces and new creations, with notation and learning by rote. Instruments of focus will include Buckets and other Group Percussion, Balinese Gamelan Anklung, and Drum Set.

Gym & Outdoor Games**\$5.00**

Gym and outdoor games such as soccer, softball, kickball, and more provide an excellent activity for coeducational play in which social skills, sportsmanship, cooperation, and team play can easily be developed. Whether you are trying out for your school team or just want to meet new friends, this course will meet your needs. Learn and practice skills, participate in friendly competition, and put your skills into game action FUN!

Hand-Sewing**\$10.00**

In this creative and hands-on class, students will learn varying techniques to sew by hand. You will learn how to create functional items such as accessories, jewelry, and other small items to brighten up your wardrobe and bedroom!

Keyboards, Boomwhackers & Handbells**\$10.00**

Students will dive into pitched instruments such as Keyboard/Piano, Boomwhackers and Handbells with group and individual learning. Students will also get a taste of more serious practicing, personal planning and decision making, and performance along with the introduction/use of pitch/melody/note-reading and more.

Let's Get Crafting!**\$15.00**

Students will be introduced to a variety of two and three-dimensional projects, including painting, drawing, and designing unique creations to decorate lockers, display at home, or give as gifts. Samples will be used to teach techniques. Emphasis is on creativity and self-expression.

Math Games**\$5.00**

Various fun math games, problem solving strategies and hand on practice will be used in class to reinforce math skills from the prior year.

Math Reinforcement**\$5.00**

For students who need assistance and practice with the math concepts from the prior year. Small group and individual instruction will include hands-on practice, math games, and problem-solving strategies.

Memory Makers**\$10.00**

Students will integrate critical social skills by learning the art of preserving thoughts and memories, expressing themselves through writing and art, and engage in discussion by sharing thoughts. Students will be provided with a daily prompt for their journal or diary, will create various picture frames and photo magnets, and learn scrapbooking.

Mindful Arts and Games**\$5.00**

Learn how to have a strong mind and body! This class will help students identify, express and name feelings through hands-on activities, journaling and literature. Students will create their own personal "tool box" for dealing with tough emotions. Students will learn yoga poses, the importance of relaxation and balance, work on social and friendship skills through role play and games and practice supporting each other.

Rocket Building and Launching**\$15.00**

Students will build air pressured rockets as well have the option of building air pressured rocket launchers that they will be able to keep and use for years to come. Students will also build rockets that are powered by a solid fuel engine. Fees include the cost of one rocket and one solid fuel engine as well assembly materials for the air pressured rockets.

School Spirit**\$10.00**

Students will work collaboratively to research, develop, and deliver a beautification project for the school. With the teacher as the facilitator, students will use organizational and decision-making skills to choose a cause and develop a plan to carry out a project. Examples include but are not limited to: a food drive, adopting the school grounds, creating locker signs, planting flowers, painting a mural, building and painting benches, etc.

Science Exploration**\$10.00**

Students will explore biology, chemistry, physics and astronomy through experiments, scientific observation, games, and critical thinking. Science topics may include genetics, ecology, evolution, marine biology, human body systems, astronomy, zoology, experiments, and more!

Strategy Games**\$5.00**

Use strategy and thinking skills while learning to play a wide range of games like chess, Settlers of Catan, Risk, Farkel, UNO, Phase 10, cards, dominoes and dice. Students will work on critical thinking, problem solving, social skills, and concentration. They will use what they've learned to create and build their own game to share with the class. This is a chance to be clever, create challenges, and fill their games with surprises, suspense, and traps!

Summer STEM**\$10.00**

Solar Vehicles! Bridges! Hovercrafts and more! This class is for students that are creative and like to design and build. Join this workshop to design, build and test out various structures and machines. This is a great way to put into practice math, science and technology skills at all levels. Time will be allotted for planning, research, construction, and testing.

Theater**\$10.00**

This class will focus on performance skills and putting on a production. At the end of summer school, participants will perform a play in conjunction with the Costume Design, Dance and Backstage Crew classes.

Tied Trends**\$10.00**

In this creative and hands-on class, students will learn varying ways to work with fibers, which may include macramé, crocheting amigurumi, hand-sewing, knitting, weaving, and more!

Ukulele & Guitar**\$10.00**

Students will study both melodic and harmonic/accompaniment playing on stringed instruments with guitars and ukuleles. Strumming patterns, chords, chord charts, tab, and standard music notation, and the physics of string instruments will all be explored!

Valley New School Summer Enrichment**no fee**

Explore the world of student-driven project-based learning as you pick a topic of interest and learn all about it! Students will be guided through a personalized process, resulting in the creation of a unique and personal project on their chosen topic. Students will complete all phases of the VNS project process: proposal, research, planning, production, and assessment.

Video Game Design**\$5.00**

Students will learn how to write, design and create their own video game using various platforms. Students will learn the different aspects of video game design and increase their writing skills in an exciting and interactive way.

Volleyball**\$5.00**

Volleyball is an excellent activity for coeducational play in which social skills, sportsmanship, cooperation and team play can easily be developed. Whether a student is trying out for the school team or just wants to meet new friends-this course will meet their needs. Learn and practice skills; participate in friendly competition, and put the skills into game action FUN!

Welcome to Kaleidoscope Academy**\$5.00**

This course is for incoming 6th graders, or any students that are new to KA next year that have passions they want to learn and research more about. Incoming middle school students will be introduced to their school environment through tours and school-specific procedures. Students will be introduced to project and inquiry-based learning through this course. It is intended to prepare incoming or new students for project-based learning at KA but all students are welcome! The project topics will be driven by the students' passions and interests.

Welcome to Middle School**\$5.00**

Incoming middle school students will be introduced to their school environment through tours and school specific procedures. They will also gain an understanding of the study skills that are necessary to be successful. Topics will include learning what resources will help them succeed in their classes, organization skills, general study skills and/or technology, and test taking strategies. Skills will be taught through lecture and videos, while being reinforced through discussion, activities, and games.

Yoga and Mindfulness**\$10.00**

Students will practice breathing exercises, yoga poses, games, visualizations, and relaxation activities. They will pay attention to thoughts and environment to help meet daily challenges with more openness, care and compassion.

AASD Moving to the Middle School Orientation

Description: Get a head start on middle school! Come and tour the building, get help with your locker combination, walk your schedule, and learn daily routines. You will get some tips about middle school life while meeting your future classmates! The staff can't wait to meet and welcome you!

Cost: no fee

Choose the school site that the student will attend in the fall:

Fly Like an Eagle 2.0:

Where: Einstein Middle School

When: Incoming 6th: August 12th 8:00-9:30 AM, 10:00-11:30 AM

Incoming 6th or any NEW to Einstein 7th -8th: August 12th 1:00-2:30 PM

Cardinal Day:

Where: Kaleidoscope Academy

When: Any new students: August 14th from 8:30 AM-11:30 AM

There will be a new-to-KA family orientation at the same time for parents/guardians

Wildcat Way:

Where: James Madison Middle School

When: Incoming 6th: August 12th or 13th from 8:00 AM-11:00 AM or 12:30 PM-3:30 PM

Additional time for students that have attended one of these sessions will be available on

August 14th from 8:00 AM-11:00 AM or 12:30 PM-3:30 PM

Raider Readiness:

Where: Wilson Middle School

When: Incoming 6th: August 12th, 13th or 14th from 8:00 AM-11:00 AM or 12:30 PM-3:30 PM

High School Summer School-Credit Recovery

Option 1: Grade replacement for students who have already taken and completed the class and received a D or F. Students needing to recover credit for the following courses, instruction will be available:

1000 English Language Arts 9
1020 English Language Arts 10
1110 American Lit & Comp
0010 Fit 4 You (failures for PE9, Fit 4 You, and Creating Physical Literacy)
4990 Health Education
3000 Civics
3070 US History
3170 World History
3520 Global Studies
4000 Physical Science
4807 Earth Science
4110 Biology
9000A Algebra 1B
9050 Foundations of Algebra
9100 Algebra
9200 Geometry
9260 Algebra 2

Option 2: Students who are currently working with Alternative Ed staff or those willing to add a grade through Computer Based Instruction courses for a failed/ incomplete class instead of replacing the existing grade.

Option 3: Students who have teacher recommendation to complete coursework for a failed/ incomplete class. Students may earn a passing grade, but the grade would be limited to a D-.

Option 4: Summer School Courses for new credit or enrichment

AH202 EL Academic Skills .5 credit per session

These course options are available to Level 1 or low Level 2 students. It is open to students entering grades 9-12 in the fall. ELL students in this class will continue to develop their oral language, vocabulary and literacy skills by engaging in a variety of high-interest texts. Students will have opportunities to read, write, share their ideas, and listen to others as they explore books and topics from all content areas.

1670 Summer Shakespeare Theatre .5 credit per session/ must take both sessions

Students in this course will learn about Shakespeare, his times, and theatre of English Renaissance by preparing and presenting one of his plays for public performance. Students will also gain knowledge and experience in a variety of theatre skills such as scenic design, costumes, set construction, lighting, publicity, and direction. There are no auditions required. Class sessions/rehearsals and performances will be held at North High School. There will be performances scheduled the weekend after the class concludes.

Nursing Assistant .5 credit

A nursing assistant is an essential member of the healthcare team. This program will help you learn how to provide for the personal care and comfort of people with health problems. You will learn to bathe, dress, feed, mobilize and transport people; obtain pulse and temperature; and report observations and reactions to the health care team. Nursing assistants prepare equipment, take care of the patient's room and keep patient records. In this role, you may assist clients with dementia and rehabilitation needs, and provide restorative care to help them maintain their independence. Upon completion, you'll be ready to take the certification exam. You will have a variety of employment options as a CNA.

Paint the City .5 credits

Students will participate in a 2 week long mural painting project. Paint the City is focused on centering identity and belonging through public art.

Valley New School .5 credits

This course allows current VNS students who are behind in high school credits for graduation to develop and complete an individual research project in an area of their choice, thereby earning up to 0.5 AASD high school credit. Students will create personalized learning plans in order to identify needs and work toward project completion. Students and teacher will meet each morning for an "advisory" time to plan the day. Worktime will be used to complete the VNS project process: proposal, research, planning, production, and assessment. Project-based learning allows students to explore areas of academic interest in a non-traditional school setting.

eSchool Summer Interim Courses .5 credit per session

Various class offerings. See website at: <https://eschool.aasd.k12.wi.us/summer-interim>

Getting Ready for 9th Grade at East HS no credit

A course to provide additional support and direct instruction in reading and writing; to develop organizational and study skills to be a successful high school student.

Summer Fitness and Conditioning no credit

This class will provide you with the knowledge to live a healthy lifestyle through cardiovascular conditioning and strength training. It will teach proper techniques with emphasis on improved cardiovascular conditioning, body toning and a better understanding of physical fitness and wellness. This class is for the beginner, intermediate or advanced male or female student.
