- RE: Request to Purchase Weidemann Triple V 375

Reid Golf Course is requesting to purchase a Weidemann Triple V 375 with remaining budgeted CEA funds in the amount of \$23,979.

In Reid Golf Course's 2025 budget, \$117,451 was budgeted for the replacement of unit 631, a Jacobsen fairway mower in like kind. Reid staff determined a smaller mower would be more economical for operations over the life of the mower and chose to replace the fairway unit with a purchase price of \$68,509.96.

The Triple V will allow Reid staff to improve playing conditions keeping up with increased golfer demands and to begin implementing aspects of Reid's Master Plan of golf course improvements. This would be an additional piece of Reid's CEA equipment fleet with a 12 year life.

No additional funds are being requested for this purchase, the purchase would be made with remaining budgeted funds of \$48,491.04.

Please contact me at 832-5927 or at <u>Jeff.Plasschaert@appletonwi.gov</u> with any questions.

Date:February 28, 2025To:CEA Review Committee, Finance Committee, Safety and Licensing<br/>Committee, and Common CouncilFrom:Jeremy Hansen, Fire ChiefSubject:Request Change Order Approval

The Appleton Fire Department (AFD) ordered new Pierce Pump Ultimate Configuration (PUC) Engines in August of 2023 and March of 2024. Lead time for the delivery of a fire truck has increased dramatically over the past five years. Once ordered, the delivery timeline to receive the apparatus can be 42-53 months.

Since placing the order for the two engines listed above, it was identified that additional internal storage space is needed to securely store various gear, including emergency medical equipment. To meet the growing demand for space, the AFD Apparatus Committee requests approval to modify the two vehicles that are on order, but not yet under construction. The modifications would include adding 18-inches of length to the cab section of the engine. This will provide additional space and a wider compartment door, allowing for easier access to the equipment from outside the apparatus.

Below is an illustration of the original purchase date and price, cost of the proposed change order, new price, and tentative year of delivery.

| Order Date | Purchase Amount | Change Order Cost | New Purchase Price | Delivery Year |
|------------|-----------------|-------------------|--------------------|---------------|
| 08/08/2023 | \$ 1,076,200.00 | \$ 24,055.47      | \$ 1,100,255.47    | 2027          |
| 03/14/2024 | \$ 1,122,800.00 | \$ 20,829.49      | \$ 1,143,629.49    | 2029          |

Also included with this document are the new price quotes for both vehicles.

If you have any questions or concerns, please do not hesitate to contact me at (920) 832-5810. Thank you for your consideration.

Date:February 28, 2025To:CEA Review Committee, Finance Committee, Safety and Licensing<br/>Committee, and Common CouncilFrom:Jeremy Hansen, Fire ChiefSubject:Request to Retain Apparatus #823

The Appleton Fire Department (AFD) will receive a new Pierce Pump Ultimate Configuration (PUC) Engine in March 2025. The engine is part of our CEA replacement schedule. Typically, as we take delivery of a new apparatus, our oldest fire engine would be taken out of service and sold.

In recent years, the resale value of used fire trucks has brought little positive revenue to the city, netting approximately \$4,500 each.

The AFD, with the support of CEA, are proposing to retain fire apparatus #823 until our next apparatus is delivered in 2027. The fire truck will be used to train our new recruits and used during our in-house driver operator training program. In 2027, the vehicle will be returned to CEA and sold.

The cost to maintain the additional vehicle in the fleet is estimated to be \$166.86/month, which can be absorbed in our normal operating budget.

If you have any questions or concerns, please do not hesitate to contact me at (920) 832-5810. Thank you for your consideration.

Date:February 28, 2025To:CEA Review Committee, Finance Committee, Safety and Licensing<br/>Committee, and Common CouncilFrom:Jeremy Hansen, Fire ChiefSubject:Sole Source Purchase of a Ladder Truck

The Appleton Fire Department (AFD) is requesting to purchase a Pierce 100' rear mount Platform on a Velocity chassis with PUC pump (Ladder Truck). Lead time for delivery of a fire truck has increased dramatically over the past five years. Once ordered, the delivery timeline for the ladder is 46-49 months. The delivery timeline does fit into our scheduled vehicle replacement program. Here is a cost breakdown:

#### One (1) Pierce 100' Platform on a Velocity chassis with PUC pump \$2,099,909.00

The AFD has a long-standing relationship with Pierce Manufacturing and has seen the innovation, cooperation, improved pricing, as well as their commitment and direct involvement in the growth of our city. When the department has encountered issues with our vehicles, Pierce Manufacturing has been extremely responsive to our needs.

The AFD requests the approval to order the 100' Platform via sole source with Reliant Fire Apparatus, Inc. and Pierce Manufacturing.

If you have any questions or concerns, please do not hesitate to contact me at (920) 832-5810. Thank you for your consideration.
